We, the undersigned parties, hereby confirm the following arrangements regarding the 42 nodes that we are keeping and the hand over of 42 of our excess node machines:

1. Handover of Node Machines:

- A total of 42 node machines have been successfully handed over from **DFINITY Stiftung** to Zarety LLC as of the date specified above.

2. Operation of Excess Node Machines:

- Excess node machines, beyond those deployed for immediate use, will be operated and maintained at the data center to be chosen by Zarety LLC. They will announce this on the forum as they finalize their decision.

3. Declaration of Independence:

- Both **DFINITY Stiftung** and Zarety LLC declare that they do not hold majority control in each other's operations. Each party operates independently, with no undue influence or control over the other's activities.

4. Deployment Confirmation:

- DFINITY Stiftung has deployed 42 nodes SH1 and ZH2, with the configuration of each node including:
 - **IPv4 addresses** assigned per node.
 - **Domain names** properly registered and configured for operational use in the respective DC(s).

5. Start Date for New Reward Values:

- DFINITY Stiftung has changed the new reward value effective date to be Jan 1, 2025, as stated in the forum [here](#).
- The start date for Zarety LLC's rewards will depend on how long it takes them to ship and get their nodes set up in the new DC.
